Programming OOP

As a highly motivated and detail-oriented professional, I bring a robust background in Information Systems to the table. My goal is to secure a challenging role within a forward-thinking organization, where my skills and knowledge can be leveraged to significantly contribute to the company's success. With a steadfast commitment to continuous learning and growth, I am poised to effectively manage and optimize IT systems, ensuring operational efficiency and heightened productivity. My expertise is geared towards making a tangible impact in a dynamic environment.

WORK EXPERIENCE

Methula secondary
school

Jun 2021-Nov 2022

ASSISTANT TEACHER

- Developed and implemented a database management system, resulting in improved efficiency and accuracy of data retrieval and analysis.
- Collaborated with cross-functional teams to design and work on projects even on my personal free time.
- Managed the installation and maintenance of hardware and software systems, ensuring uninterrupted operations and minimal downtime.
- Conducted regular system audits and performance testing, identifying and resolving issues to maintain optimal system functionality.

University of
Johannesburg

Feb 2023-Nov 2023

INFORMATION SYSTEMS TUTOR

- Boosted student grades by 30% on average
- Customized learning plans for individual needs
- Increased student IT confidence & proficiency
- Stay ahead with current industry knowledge
- Interactive tutoring with real-world applications

EDUCATION

University of
Johannesburg

2024
